

Hijacked Plane Carrying 33 Forced to Cuba

MIAMI, Fla. (AP)—An Eastern Air Lines prop-jet Electra was hijacked on a flight to Tampa today and its pilot was forced to fly to Cuba. The plane carried 33 passengers and a crew of five.

The plane landed at Jose Marti Airport near Havana, the Miami airport reported.

Last radio contact with the pilot, W. E. Buchanan, was with Aeronautical Inc., an airlines radio pool firm in Key West. Buchanan said he was changing course and was flying to Havana at gunpoint.

The plane was Flight 202. It left Miami International Airport at 9:05 a.m. (EST) on a regular flight to Tampa.

Board were 21 paying passengers, 12 Eastern pass-carrying employees and the five crew members, the airline said.

A U.S. jet fighter plane based at Homestead, Fla., near Miami, accompanied the airliner to a point three miles from Cuba, according to an officer of the North American Air Defense Command at Colorado Springs, Colo.

NORAD headquarters is the nerve center for aerial defense of the United States and Canada.

First indication that something was amiss came when the \$3½-million plane went sharply off course on the radar scope.

An airline spokesman said the passenger list had been turned over to the border patrol and the U.S. Immigration Service.

In the last two years, nine passenger planes have been hijacked between Florida and Cuba. Seven were Cuban planes which were forced to land in Florida. Previously, one other American plane was forced to fly to Cuba.

The U.S. government promptly asked the Castro regime to release today's hijacked plane.

In Washington, State Department press officer Lincoln White said the United States has "requested the Swiss to request the immediate release of the plane, its crew and its passengers."

The request was made through the Swiss embassy in Havana, which represents American interests in Cuba in the absence of U.S.-Cuban diplomatic ties.

White confirmed that an American Air Force plane had followed the airliner to the three-mile, territorial-water limit off the Cuban shore. He said this was done because the airliner "got off its regular course, and we keep an eye on things like that."

4,163 Hempstead Residents Received Welfare Aid in June Cost Taxpayers \$66,831

Last week a series of stories told how the city of Newburgh, N. Y., is revising its welfare system over the protests of the state of New York and the federal government.

The city's manager and board limit all welfare recipients, except the aged, blind and disabled, to three months of relief a year; set up a work program for the able-bodied men on city streets and parks and limit the amount to no more than equal the sum of money earned by the lowest paid city employes with an equal number of dependents and decreed that women drawing relief for support of one or more illegitimate children would be taken off the roll entirely if she had another illegitimate child.

A check of local welfare agencies revealed some startling figures for Hempstead county.

During the month of June 740 persons received welfare checks in various categories totaling \$34,906. In addition to this, hospitalized welfare recipients cost \$4,320 for 216 patient days and this doesn't include those sent to the Arkansas Medical Center.

Thus, each person on the welfare roll cost the public an average of \$53 each during June.

In comparison, on every 26 persons is a welfare recipient.

Also, during June 3,423 persons in this county received surplus food which had a retail value of \$27,384. Handling this food cost the county \$221 or about six cents per person, according to Judge Eric Byers. Thus, about one out of every six persons in Hempstead received surplus food and one out of every five received charity in some form or another.

Total the whole thing and you have 4,163 Hempstead persons receiving welfare aid in some form or another during the month of June. Counting the retail value of the surplus food and other services this cost the taxpayers \$66,831 during the month.

Add the other charities, federal government payments such as pensions, etc., and Hempstead finds itself in much the same position as Newburgh, and the rest of the nation, rapidly becoming a welfare state.

It's no secret that many, many persons receiving surplus foods are fairly well off financially. Many own their own homes and some own valuable land. City police will tell you that after surplus food is distributed they have raided known bootleggers and discovered closet after closet full of the commodities handed out which the recipient had swapped for whisky. Hempstead and Arkansas would do well to follow Newburgh's example and take another approach to its welfare system.

Rector Police Chief Dies

RECTOR, Ark. (AP) — Police Chief Jess L. McCord, 56, suffered a heart attack and died while on patrol duty here Saturday night. He had been police chief since Jan. 1, and had held the office several years ago.

Mrs. Lockard, 56, Dies Saturday in Local Hospital

Mrs. Gladys Cleo Lockard, aged 56, a lifelong resident of Hempstead died Saturday in a local hospital. She lived on Hope Rd. 4. Survivors include her husband, Henry Elbert Lockard, two sons, Charles H. and Billy J. Lockard of Hope; three daughters, Mrs. E. L. Townsend of Port Neches, Texas, Mrs. Billy McCrary of Ft. Worth; Miss Nancy Louise Lockard of Hope, her mother, Mrs. Alice Lemley and four brothers, J. S. Seaton of Ft. Worth; Bill and Anne Seaton of Hope; a sister Mrs. Nora Brown of Hope.

Services were held at 11 a.m. Monday at Gospel Tabernacle by the Rev. W. C. Land and Rev. S. J. Genu. Burial by Herndon Cornelius was in Rose Hill Cemetery.

Active pallbearers: J. D. Smith, Ernest Hackett, Irvin Shynard, Johnny McCorkle, Lloyd Calo and Cliff Bowden.

Council Tries to Find Some More Money

LITTLE ROCK (AP)—The Legislative Council's Revenue and Taxation Committee today begins sifting through the state's financial structure in an attempt to find some extra money.

It is the first step in a long process leading to a special fiscal legislative session, probably late next month.

The Legislative Council itself will begin hearings Aug. 1 on how to divide surplus funds to meet needs of state institutions and agencies.

Meanwhile, the Revenue and Taxation Committee will be searching for more money. It may investigate cushion funds, unexpended agency funds on the system of handling earnings from retirement and similar funds.

Any money the committee finds will be added to the \$11 million available. Then the council, in its hearings, will gather information so it can recommend to the legislature how to spend the available money to replace appropriations in the 1961 omnibus bill and money which would have come from a proposed \$60 million bond issue.

Voters defeated the bond issue June 27 and the state Supreme court declared the \$14.5 million omnibus bill unconstitutional.

The State Hospital heads the parade of agencies scheduled to present fund requests. The hospital board says it will stand by an earlier request for \$12 million.

The biggest days of the hearings appear to be the final two days, when the University of Arkansas and state colleges are to give their requests. They would have gotten \$42 million from the bond issue.

Hurricane a Peril to S. America

MIAMI, Fla. (AP)—Hurricane winds lashed the British Honduras coast today and dangerous flash floods were forecast for a wide area.

Anna, the season's first hurricane, was about 20 miles east of Mangrove Creek, British Honduras, at 5 a.m., a spot close to the Guatemala-British Honduras border. Its force was dwindling a little but the peril to Central America was far from ended.

"All interests around the Gulf of Honduras and especially along the Guatemala and nearby coastal areas should continue precautions against tides of 10 feet and hurricane force winds," the Weather Bureau said.

"Heavy rains will cause dangerous flash floods in this same area and through all of British Honduras."

At the latest report, Anna's winds had dropped from 90 to 85 miles an hour. Gale extended northward for 125 miles and southward for 50 miles.

Mother, 5 of 10 Children Die in Fire

By ROBERT GREEN

LOWELL, Mass. (AP) — A mother and five of her 10 children perished early today when fire broke out in a tenement building and destroyed the flimsy structure within minutes.

A sixth child in the Negro family was still missing hours later and was believed dead.

The mother, Mattie Maryland, about 50, died when she again raced back into the burning, three-story building and fell two floors into the rubble as a stairway collapsed.

Two older Maryland children were hospitalized with burns but were not considered in dangerous condition. The other two children in the family escaped unhurt.

The father, John J. Maryland, was cut by glass but was released from a hospital after treatment.

Fire officials said the general alarm blaze started on the third floor and in "a matter of minutes" it was too late to save the victims. The dead all were trapped in a third-floor apartment.

The first five children's bodies recovered were Gee, 4; Ivy, 3; Linda, 2; Pamela, 1, and either Willie James 9; or Bobby Ray 8. John M. Jr., 14; and Dale Lee, 11; were hospitalized. Mattie, Ruth, 13; and Christine, 10; escaped injury.

Mrs. Maryland had moved into the apartment only recently with her husband and family.

A policeman had tried to reach her and bring her outside again but the stairway gave way.

Four other persons also were injured. A neighbor and two firemen were hospitalized with minor injuries.

Police said about 30 persons were in the building when the fire started.

Arkansan Named at Naval Base

Arkansas' Death Toll Reaches 18

By THE ASSOCIATED PRESS

Two Arkansas men drowned in unrelated accidents Sunday raising to six the number of drowning deaths in the state in the week ended Sunday midnight, and to 18 the number of violent deaths.

Garry Casey, 19, of Wayton, Ark., drowned while swimming in a pond 30 miles south of Harrison. Ronald Galewood, 24, of Reelfoot, drowned in the Black River near Corning when he fell from his boat while running a trotline.

Four persons died in traffic accidents last week, three in fires, and one each in a plane crash, a fall, a shooting, a lightning accident and one freak accident.

Mrs. Emma Grace Faith 43, of Beebe, was killed when her car and a Rock Island freight train collided at a crossing at Ola Sunday.

Charles Drivers, 24, Negro of North Little Rock, was killed Saturday when his car smashed into a utility pole in North Little Rock. Two other Negro men were injured.

Billy Franklin Gross, 24, of Little Rock, told Little Rock police Saturday he shot Harold Foster in death after Foster had slapped a woman. Gross was charged with first degree murder.

Gross said he shot Foster with a shotgun in an apartment where both men lived. Two women who live at the same address, Dorothy McReynolds and Edna Boise—both former wives of Foster—witnessed the shooting.

Five in One Family Shot to Death

MIDLAND, Tex. (AP) — A 15-year-old farm girl seriously wounded with a bullet wound in the stomach ran 2½ miles in the mud to a neighbor's house before dawn today and cried out: "Daddy has shot the boys!"

Officers rushed to the Fred Milton Kinsey home, northwest of this West Texas oil center, and found Kinsey and three boys and a girl dead.

All had been shot to death. The children were in their pajamas while Kinsey was in khaki trousers and a green sports shirt.

Mrs. Kinsey was reported living in Fort Worth.

Officers said they found a note which read in part: "The kids have to go. They'll have a better home. Mother is coming."

The wounded girl was brought to Midland Memorial Hospital where her condition was described as serious.

The dead children were J.D. Kinsey, 17; Johnny, 13; Jay, 8; and Lilly 7.

All of the children except Johnny had died of a bullet wound in the heart. Johnny had five wounds in the forehead.

Kinsey, 56, had died of a pistol wound in the forehead.

The wounded girl was Louise, 15. Midland County officers said the girl apparently escaped through a bathroom window to flee in her nightclothes to spread the alarm.

Officers said the shootings occurred around 2 a.m.

Arkansans on War Program

MANASSAS BATTLEFIELD, Va. (AP) — Capt. Eugene H. Breitenberg of Hot Springs, Ark., assigned as liaison officer to the four-year commemoration of the Civil War, recited the prologue Saturday in the re-enactment of the first Battle of Manassas. He said the event should remind the world that Americans have always been willing to fight and die if need be for their beliefs and principles.

Services will be held at 10 a.m. Tuesday at Fulton Union Church. Burial will be in Rose Hill Cemetery of Hope. A memorial fund for Mrs. Cox is being established in Fulton Union Church and the family asked that money for flowers be sent to this fund.

French Uneasy in Tunisia Cease-fire

By ANDREW BOROWIEC

TUNIS (AP) — The Tunisian government charged today that French troops were landing on the beach five miles west of Bizerte. It said that was in defiance of the U.N. cease-fire that halted the hard fighting in the city astride the approach to France's big naval and air base on the north Tunisian coast.

The Tunisian information minister said landing barges put French units ashore in the Cap Blanc area near the village of Nador.

Although the Tunisians did not say where the French landing units came from, the French government in Paris assumed that they were being accused of landing reinforcements from outside Tunisia and said the report was false.

A government spokesman said the Cap Blanc area lay within the French perimeter established during the Bizerte fighting and that there may have been some movement of men within the perimeter, giving rise to belief that reinforcements were landing.

The Tunisian government invoked new restrictive measures against France as officials awaited the arrival of U.N. Secretary-General Dag Hammarskjöld.

El Aouina airfield, Tunisia's only international airport, was closed to all Air France planes. Air liaison with France was maintained by the national air.

Cuba Plans Big Welcome to Spaceman

By JOSE MARIA ORLANDO

HAVANA (AP)—Cuba prepared a hero's welcome today for Soviet spaceman Yuri Gagarin to kick off the giant celebration of the eighth anniversary of Fidel Castro's revolution.

Havana airport was closed to all commercial traffic to clear the way for the 27-year-old cosmonaut flying here from Gander, Nfld., where he made an overnight stop on the trip from Moscow.

The youthful Soviet air force major is being given equal billing with Castro in the four-day celebration of the 26th of July Movement which ousted the Batista dictatorship Jan. 1, 1959.

The Soviet spaceman who already has been exhibited in Britain, Finland and Communist bloc countries since his April 12 flight around the earth, sent word ahead that he was "very happy that my old and cherished dream is at last coming true—to visit heroic Cuba."

He told the Cuban people: "I closely follow the great deeds of your revolution which have earned you the sympathy of millions. The name of your island is a symbol of freedom and heroism."

The Cuban celebrations will reach a climax with a giant Havana rally on Wednesday, the July 26 date on which Castro launched his revolutionary movement in 1953 with an abortive raid on a Santiago army barracks.

Thousands of peasants and workers from outlying provinces have poured into Havana to cheer their bearded prime minister and the boyish-looking cosmonaut he has invited to share honors with him.

At the rally Wednesday, Castro is expected to announce the establishment of a one-party political system in Cuba along lines in effect in Communist countries. He reportedly plans a proletarian party made up of the Popular Socialist (Communist) party, the 26th of July Movement, labor unions and other groups that supported the revolution.

PSC Lets Gas Co. Introduce New Evidence

By JOHN R. Starr

LITTLE ROCK (AP) — The Arkansas Public Service Commission today gave Arkansas Louisiana Gas Co. permission to introduce new evidence to justify a 70-cent a month rate increase.

Attorneys for cities protesting the increase got two weeks to study the evidence and prepare to cross-examine company witnesses about it.

PSC Chairman Lewis Robinson set the next hearing in the rate case for 9 a.m. Aug. 7.

The evidence in question is a cost of service study prepared by J. E. Planders, a Jefferson City, Mo., utilities consultant, and filed with the PSC last week.

City attorneys contended Planders' study represented a re-opening of the case and asked the commission to strike his exhibits. As an alternative, they asked a two-week period for study.

Arkla said the Planders testimony was needed in rebuttal to claims by protesters that Arkla's excessive rate of return was excessive.

"The commission held that Planders' testimony would be considered rebuttal."

After the commission granted the two-week delay for preparation of cross-examination, J. V. Spencer Jr., El Dorado city attorney and spokesman for the protesting cities, said they would not object to Planders taking the witness stand today for direct testimony about his exhibits.

Arkla objected to this procedure, however. Ray Thornton, attorney for Arkla, said the delay would give the company a chance to develop its case more fully.

Thornton objected vigorously to Spencer's motion to strike Planders' exhibits. He said the cities brought up the question of cost of service and the company needed Planders' study to correct what he termed erroneous testimony by city witnesses.

Thornton said, however, the company had no objection to the request for a two-week delay.

"We (Arkla) do not consider the cities we serve as adversaries," Thornton said. "We believe that when they fully understand that our company is not earning an excessive rate of return, that they will be satisfied."

Arkla increased its monthly minimum bill from \$1.10 to \$1.00, but some cities objected and asked the PSC to disallow the increase, and order it refunded.

One of Planders' exhibits purports to show that even with the additional \$1.2 million in annual revenue from the minimum increase, the company falls \$1,601,000 a year short of the revenue required to reach the legal earnings maximum of 6.34 per cent.

J. N. Clayton, an Arkla vice president, testified at an earlier hearing that the company's rate of return after the increase would be 4.50 per cent.

Spencer has contended Arkla is earning about 7 per cent and one city witness testified earnings were 19.23 per cent. Arkla attacked the latter figure on cross-examination and called it misleading, erroneous and absurd.

When the rate protest case started, Robinson warned city attorneys that a full scale inquiry might result in the company qualifying for an even greater increase.

But Arkla said it would not ask for higher rates although it could qualify for them. Arkla attorney Ray Thornton said earlier in the case that Arkla would expect to get an increase, if testimony showed it was entitled to one, just as it would expect to have rates cut if earnings were too high.

Arkla's minimum charge increase to 53 cents took effect April 1, but until April 26 the public generally was unaware that the increase was in effect. Since then, half a dozen cities have joined Pine Bluff and El Dorado, which originally protested the increase.

The company said it has created a fund for refunds in case the increase is disallowed.

U. S. Crime Is Building, FBI Reports

By JACK ADAMS

WASHINGTON (AP) — There were more serious crimes in the United States last year than in any year in history, FBI Director J. Edgar Hoover reported today. The surge of lawlessness reflected an astounding 93 per cent increase over 1950, he said.

By the FBI's crime clock there was a murder every 59 minutes. A forcible rape every 24 minutes.

An aggravated assault every 4 minutes.

A robbery every 6 minutes.

These chilling statistics shaped the pattern of violence in 1960 with a serious crime committed every 15 seconds or a total of 1,861,300.

Hoover noted in the big rise in crime over 1950 that the population increase for the decade was only 18 per cent.

The FBI data, published in the annual "Uniform Crime Reports," covered information supplied by more than 7,700 police agencies, and showed that 1960 topped 1959 by 14 per cent in murders, forcible rapes, robberies, aggravated assaults, burglaries, auto thefts and larcenies of \$50 or more.

Crimes against property Hoover said, were in general even more frequent, with a burglary every 39 seconds, a major larceny every minute, a car theft every two minutes.

By major categories, robberies and burglaries were each up 13 per cent over 1959, larcenies 14 per cent, auto thefts 9 per cent. Murders had a sharp 6 per cent rise. Aggravated assaults increased by 5 per cent and forcible rapes by 3 per cent.

There were 3,640 arrests for each 100,000 persons during the year with city arrests running at about three times the rural rate.

Texas Woman Finds a Diamond

MURFREESBORO, Ark. (AP) — Mrs. Clinton J. Chirman, wife of a Dallas, Tex., certified public accountant, Saturday found her second diamond in four years at the Crater of Diamonds near here. It was a 5.23 carat stone and Howard Miller, who operates the tourist attraction, valued it at \$3,000 to \$3,500. Mrs. Chirman said she found a 1 1/2 carat stone here four years ago.

Treasurer of Arkansas Dies at 56

LITTLE ROCK (AP) — State Treasurer J. Vance Clayton, 56, who held his job longer than any other man in the state's history, died Saturday. He was to be buried today in Forest Hills Cemetery near here.

Clayton died in a Little Rock hospital, to which he had been confined for several weeks. Cause of death was not announced.

He is the second state officer to die this year. Secretary of State C. G. Bell died in January.

Funeral services were to be at 2 p.m. today at Griffin Leggett Funeral Home here. The Rev. Maurice Webb, associate pastor of First Methodist Church here, was to officiate.

Burial services were given by Rev. Paulus W. R. Stephens of Little Rock, B. B. Chance of McGhee, Charles Oeth of Little Rock, R. A. Martin of Pine Bluff and L. A. Henderson of Little Rock.

Survivors include Clayton's widow, a son, Lee Arthur Clayton of Little Rock; three daughters, four sisters and one grandchild.

Clayton first was elected treasurer in 1945 and had been re-elected since. He had opposition four times but always won easily.

When he first became treasurer, his office handled \$52 million in state funds. At his death the total had climbed to \$275 million.

He was a native of Tillar in Desha County. He attended Tillar High School and a Texas business college, then went to work for a McGhee bank in 1925. He worked for a wholesale grocer before moving to Little Rock as state income tax auditor in 1929.

He held that post until 1933, when he became deputy secretary of state, then, in 1945, he was first elected treasurer.

He began a new two-year term in January. Paulus will have to appoint someone to fill out his term.

Fire Damage at Searcy \$200,000

SEARCY, Ark. (AP) — A fire which Fire Chief Hubert Coward said started in a cafe caused an estimated \$200,000 in damage to six business places Saturday night. Damaged by fire were the Lure Cafe, M. H. Phelps Shoe Repair. Three other stores in adjacent Shop and Lan Billiard Parlor. Three other stores in adjacent buildings suffered heavy smoke and water damage. Cause of the fire was not known, Coward said.

There are 61 interchanges on the 530-mile New York State Thruway.

Thought For The Day

Though those who are betrayed do feel the treason sharply, yet the traitor stands in worse case of woe - Shakespeare.

Vacation Bible School began this morning at Garrett Chapel Baptist Church. Special guests are the young people of New Hope Baptist Church of Memphis with preaching each night by Rev. C. B. Burges. Afternoon activities will be held at City Park Tuesday Wednesday and Thursday, a fishing trip is planned for Spirit Lake Teachers, are: Kindergarten Norma Neal; primary, Mrs. Marie Williams; Junior, Mrs. L. N. Dismuke; Intermediate, Mrs. W. M. Golston; Miss Vera Williams Supt.; Muriel Moss, secretary and Rev. F. R. Williams is pastor.

A Job Well Done

One of the most frequently expressed purpose of any park offering play activities to young people is that of combating juvenile delinquency by keeping children off the streets during their leisure hours.

Delinquency is not solely the result of the individual having unused leisure time, although that may be a contributing factor. It is also a deeply complicated matter of the child's home and family life, religious background, economic situation and school adjustment.

We're proud of our youth of today and for this reason the police dept. and the City Park leaders are planning a special night for the youths entertainment. Roscoe Smith, Supervisor of Recreation,

SUSPENSETTE

A Short Short Story
COUP DE WATER COOLER
By RALPH DYLONG

Office grapevine said that the old man was fretting about something.

Office grapevine is a funny thing. Usually it's based on a hodgepodge of fact, rumor and guesswork, but it's remarkably accurate sometimes. The old man was fretting. He was worried.

There were smart boys around the water cooler who could tell just by looking at the boss what kind of mood he was in. They would have laid odds that something big was about to happen. Maybe heads would fall. Maybe a new office was being opened somewhere. Maybe business was on the rocks, even though the grapevine from accounting said no.

"That's too bad," said Marlin. He still didn't mean it.

"I'm going to need your help, Marlin. I want you to get a line on five or six men who will be considered to replace me. I want them to know that they're being watched, so they'll do their best. I want them to know that regardless of anything else, my successor will be selected on his record."

"That's a pretty responsible assignment, sir," said Marlin. "You can do it, Good day."

Marlin went out, wondering why the chief had picked him for the job.

The old man smiled to himself after Marlin left. "So the chairman thinks I can't put business on 'p' again," he thought. "Well, after Marlin gets back to the watercooler and the grapevine begins operating, everything in this plant will be going top speed. Every department head will think he's got a chance at my job and we ought to have our best year."

His grin grew broader as his thoughts ran on: "The chairman of the board won't dare to retire me as long as I'm breaking records."

Injuries to Track Stars Not Unusual

By ED CORRIGAN
Associated Press Sports Writer

LONDON (AP)—Is the grueling schedule of three international meets within eight days causing the rash of injuries and illness that has struck the United States team?

No, said Coach Jumbo Jim Elliott today. The team physician, Dr. Dan Hanley, agreed and AAU chief Dan Ferris, who arranged the tour, also pooh-poohed the idea.

None of the members of the team was complaining, either, as they took off for Warsaw and the final meet with Poland Friday and Saturday. John Uelses, Bobby Avant, Earl Young, Jim Grelle, D. Y. Bureson, Paul Drayton, Jerry Siebert, Ken Floerke, Bill Sharpe, John Fromm and Charlie Frazier all were hurting in varying degrees.

"It's just one of those things," said Elliott. "Every once in a while you run into something like this—a whole string of injuries—and you wonder when it is going to end."

"These boys are in superb condition. They are at their peak at this time of year. Most of them could run every day and they wouldn't feel it."

"That, of course, excludes the long distance runners, who have to have some rest in between their races."

Said Hanley: "I'm sure the closeness of the meets has nothing to do with the injuries. I would call it an unfortunate coincidence."

"Last Wednesday night, after we defeated West Germany in Stuttgart, I treated 12 members of our 41-man team."

Sprinter Frank Budd, who holds the world 100-yard-dash record of 9.2, said he didn't mind all the meets but didn't expect he could run close to record time in every start.

George Young, who set an American record of 8:38 for the 3,000-meter steeple chase against Russia, said he usually was tired for a day or two after a long race.

Elliott's squad has beaten Russia, West Germany and Great Britain.

The score of the British meet, which ended Saturday, was 13-7. On points it was 122-88. The American girls split their 10-event program with the British, but lost on points 56-50.

French Uneasy Weather

Continued from Page One

line Tunis Air, which has an average of two flights daily.

French citizens in Tunisia were ordered to get special authorization before leaving the country.

French assets in Tunisian banks were blocked. The banks already had been ordered to change no French money.

Tension remained high with French tanks and paratroopers standing watch through battle-scarred Bizerte and weary, watchful Tunisian forces holding out in the native Casbah.

The Tunisian News Agency reported a total of 670 dead had been counted in Bizerte and put the wounded at 1,500.

The Tunis press charged new "provocations" and violations of the truce by the French. Those reports said French planes had flown over the towns of Kasserine in the north and El Kef, near the Algerian frontier.

Complying with a cease-fire call by the United Nations Security Council, both sides stopped the hard fighting that erupted last week after the Tunisians besieged the base and sent a flag-planting expedition into the French-held Sahara Desert.

The Security Council resolution also called on both nations to pull back to their prebattle positions, but French government sources said France would not comply until the Tunisian government guaranteed her free communication to and between the various installations of the Bizerte base.

The French sources in Paris said Vice Adm. Maurice Amman, commander of the Bizerte base, and Tunisian officials should first negotiate a return to normal conditions, including an end to the blockade the Tunisians imposed a week ago. Then, they said, the political problem of Bizerte's future should be settled on a government level between France and Tunisia.

There was no exact information on the column of "volunteers" Tunisian President Habib Bourguiba dispatched last week to plant the Tunisian flag at Sahara marker 233, 45 miles southwest of the French-defined Tunisian frontier in an area claimed by Tunisia. The semi-official Tunisian News Agency said the French commander in the area had issued a 10-minute ultimatum for the Tunisians to withdraw or face attack, but apparently no attack took place.

Hammarskjold headed for Tunis in response to an appeal from Bourguiba for a personal conference. Hammarskjold left New York Sunday by plane, and

6-4, and 17-14, and took over league lead in hitting (.366) and RBI (91).

Pitching — Pedro Ramos, Minnesota, blanked Cleveland 10-0 with six hits and handed Barry Latman (9-1) first defeat.
